ADVANCED

WHAT MAKES JAZZI SPAS SUPERIOR...

Asian's Most Excellent Spas

- As an Asian market leader in the pool and spa industry for over 25 years, Jazzi Spas has become one of the ultimate choices for spa buyers worldwide.
- We manufactured over 200,000 spas being enjoyed by families in more than 65 countries.
- Our factory has 8 workshops with over 500 workers. Jazzi has a professional R&D department with an excellent OEM and ODM experience.
- Jazzi Spas only use the absolutely latest technology and highest components sourced from different countries including US, Canada that save on energy-reduce maintenance and extend the life of your spas.
- Jazzi Spas has all the certifications and all relevant approvals required.

SPARKLING CLEAN WATER

Protect Your Health

Jazzi spas use advanced water treatment technology to ensure that your spas health is maintained with ease. Our advanced ozone system keeps your water sparkling clean which helps minimise the use of chemicals required. Micro-ban filter creates the excellent water management system delivering the safest cleanest water for spa.

EASY CARE MAINTENANCE

More Time For Relaxation

With our easy care maintenance system, your spa can be kept in optimal condition with less time consumption, leaving you more time to relax and enjoy your weekend. Easy access filters reduce the amount of time spent cleaning you spa filters. Eco-friendly maintenance free spa cabinets means years of maintenance free service for years to come with no staining required.

BRILLIANT CLEAN WATER

Let's The Water Dance With Jazzi Spa

The premium water possess the most natural, safe, and highly efficient sanitization system with micro-ban filter, ozone system and UV light, reducing the amount of medicals required to sanitize your spa.

MAINTENANCE FREE

A Saver Of Time And Strength

With the easy maintenance system, spa serving is becoming easier. Aristech Acrylic and cabinet with chemical & stain resistance and high heat retention, only need a cloth for cleaning. Also the micro-ban filter and jets are easy to disassemble and clean.

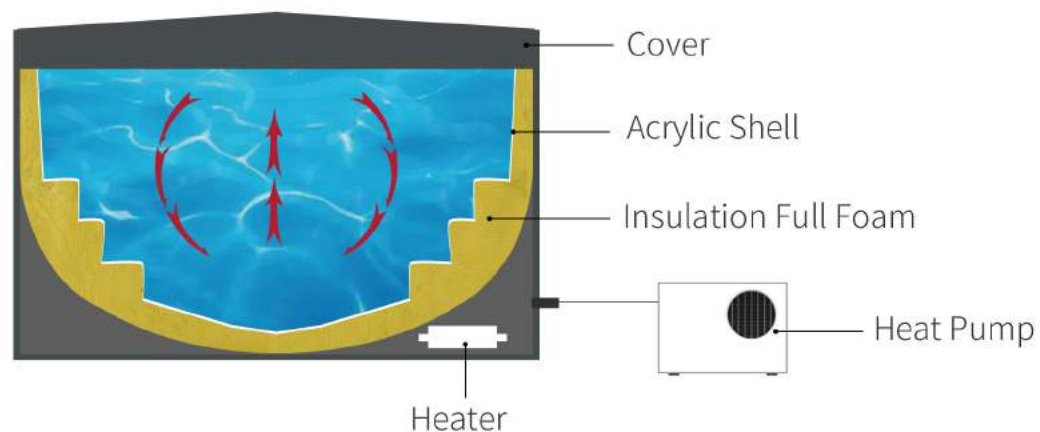

ENERGY EFFICIENT SPA

Spa Expert For Four Seasons

Jazzi spas are designed and built with energy efficiency in mind. Cover, heater and isolation are to keep the temperature continuously. The heat pump is a device that transfers heat energy from a low temperature heat source to a high temperature heat source to achieve refrigeration and heating.

PERFECT SPA EXPERIENCE

Master's Experience

Jazzi spa is an excellent solution to achieve your hydrotherapy need. Relieve tension and rejuvenate tired muscles as powerful jets target key stress areas with varied jet faces and configurations. Slide into the extra wide corner seat for soothing water massage across your back.

Leisure Series

Jazzi swimspa captures everything you love about a swimming pool and spa with less running costs. Over 6m long, it features powerful 3HP swim jets, one pump one jet, the swim jets create currents from a gentle flow-perfect for water jogging and resistance exercises that will give serious recreational swimmers a chance to really let out their tension and rejuvenate tired muscles.
